Tougher Than We Can Imagine

Hiroki Nakajima
Hilux Executive Chief Engineer

The all new Hilux is designed to exceed expectations, ushering in a new era of thinking with respect to the pickup truck. While the all new Hilux has advanced in every respect, including the toughness that it has been renowned for and its new emotional value, explaining each of these points fails to capture the essence of this new Hilux. I encourage each of you to spend time to admire and drive the new Hilux. Only then will you be able to appreciate the new sense of refined toughness and feel the passion that created a new era for pickup.

H. Nakajima

Meet the Pride

Gen 01

It was March 1968 when Toyota dealerships in Japan took delivery of the first genuine Toyota Hilux pickup. This new model bore the N10 chassis code, and although it was conceived by Toyota, the new Hilux continued to be engineered and built at Hino Motors' Hamura Plant.

1968

Gen 03

The third-generation N30 series Hilux went on sale in September 1978. There were now three standard lengths and four long wheelbase derivatives. This Hilux was designed to offer saloon-like specification and ride comfort. This led to an evolution of the predecessor's double wishbone front suspension.

1978

Gen 05

The fifth-generation N50 chassis Hilux, with revised bodywork that represented many visual and physical improvements over the outgoing version was built on three core concepts—power, sturdiness and comfort, the new model's interior was far more car-like in terms of its equipment level and dashboard design.

1988

Gen 07

The seventh-generation N70 chassis Hilux grew significantly in stature to become classified as a mid size pickup. This change gifted the vehicle with greater road presence, interior space, and load capacity – all improvements identified from customer reports.

2012

1973

Gen 02

The second-generation Hilux was launched in May 1972 for the 1973 model year, and marked the model's introduction to the UK market. Essentially a reworked version of its predecessor, the N20 series featured an updated body with slightly extended wheelbase, more comfortable interior and carry-over engine range.

1983

Gen 04

Toyota released the fourth-generation N40 chassis Hilux in November 1983, and for a while it was available alongside its predecessor, which remained on sale in the domestic market as a rear-wheel drive base model. However, the newer generation vehicle was immediately characterized from its older sibling by its attractively blistered arches and renewed interior.

1997

Gen 06

Toyota gently refocused the new sixth-generation Hilux pickup range (N60 chassis code) into two clear branches – business use and personal use. The range was introduced in Japan in September 1997 and is easily distinguished from the previous generation models by a swage line that gently tapers downwards toward the front indicators.

GEN 08 (2016)

The brand new Hilux Revo is an ultimate beast. Be it the hustle and bustle of urban territory or the extreme off road conditions Hilux Revo is your optimum drive personified.

Chiseled Perfection

With the captivating, muscular body, reaching newer heights has never been easier.

Built to Dominate

An intrepid stance to give you that overwhelming presence on the roads and beyond.

LED Headlamps with Smart Operation

Dynamic Design, 18" Alloy Rims

Day-Time Running Lamps

Chrome Door Handles

Bold & Sporty Tail Lamps

Wide Storage Capacity with Deckliner

Rear Bumper with Easy Step

Chrome Exhaust Tip

Untamed Power

The Revo is equipped with a powertrain that delivers an exceptional acceleration performance and increased fuel efficiency, all at your command.

Revealing Superiority with Precision

Discover what lies inside the machine that makes you want to explore more.

Power that Thrills

The next generation diesel 1KD engine is more compact, efficient & delivers torque on demand with increased HP.

Ultra Cooling for Beverages

A dedicated storage box designed to keep your refreshments cool for adventures ahead.

Interactive Information Display

The high precision and detailed Multi - Information Display has become more interactive with a 4.2 inch colour TFT display which is more legible and provides essential information, all at the flip of a switch.

Executive Comfort

Finely crafted Hilux Revo's exclusive seats exhibit a tough appearance while offering 6-way power adjustment all at the nudge of a knob.

Exquisite Inside

Revo's contemporary interior design and dynamic cabin layout makes you feel right at home, toggles and switches have been integrated in the instrument panel seamlessly.

Climate control air conditioning

Equipped with a switch-type transfer selector and differential lock mechanism

Vibrant LED display

Keeping you charged on the go with 12V DC & 220V AC Connectors

Connected Adventure

Stay connected and tell the world stories of your latest journey!

Engaging, Rich Display

The new Hilux Revo is equipped with a 7" Infotainment System having multiple input options, including DVD, USB, HDMI and Memory Card. Stay connected, with bluetooth technology, wherever you go.

Navigate Your Path

Detailed 3D Maps equipped with Voice Navigation, Audio-Visual Prompts and Multi-Route Navigation. This new navigation system helps you navigate on your next journey - on or off road!

Comfort and Convenience

Step into a luxurious new cabin that delivers the best Hilux experience ever!

Do more on the go!

More storage spaces for your journey, so you can store more items while on the go!

Power Adjustable Seats

The front seats can be adjusted at the touch of a button. In addition to the forward and backward adjustments, power seats can be raised, lowered and tilted as well.

Equipped with 6-way power adjustable driver seat and premium leather stitched interior, the new Hilux Revo creates the ultimate fusion of power and luxury.

State Of The Art Safety

The new Hilux Revo is not only the toughest and most advanced Hilux yet, it is also the safest. Enjoy 5-Star Safety while you head for your next adventure!

Enhanced Braking

Larger master cylinder piston diameter to ensure brake controllability and effectiveness. The braking system features Anti-Lock Braking System (ABS), Electronic Brake Distribution (EBD) and Brake Assist (BA) to deliver superior braking in all conditions.

SRS* & Knee Airbags

To ensure maximum safety on every adventure, the new Hilux Revo is equipped with front Dual (Driver + Passenger) and driver knee SRS Airbags that are designed to deploy in the unlikely event of an accident**

Child Friendly Seats

The rear seat of new Hilux Revo is equipped with the universal ISOFIX Child Restraint System (CRS) anchor to affix child seat.

Enhanced Seat Safety

The new Hilux Revo features 3-point seat-belts equipped with Emergency Locking Retractor (ELR), Pretensioner and Force Limiter mechanisms. This makes the new Hilux Revo cabin more safer than ever!

360-Degree Safety

The frame and body structure of new Hilux Revo is designed keeping occupant and pedestrian safe. High tensile steel sheets, specially developed crumple zones and impact absorbing structures help reduce impact force for occupants as well as pedestrians.

Anti-Theft Safety Technology

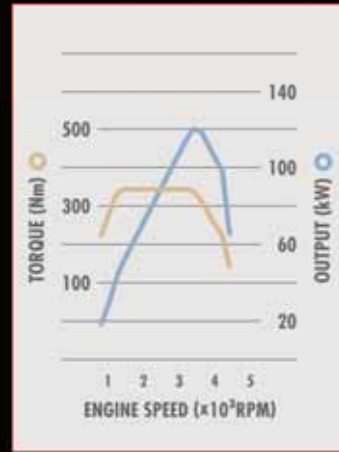

The new Hilux Revo is equipped with Vehicle Security System that features immobilizer which prevents the engine from starting unless the correct key is inserted and also an alarm that protects the vehicle against unauthorised use.

* Supplemental Restraint System. ** Please refer to the Owner's Manual for details. Disclaimer: IMC is not responsible for the theft of vehicle.

Performance

Technology that enables you to do more with your new Hilux Revo

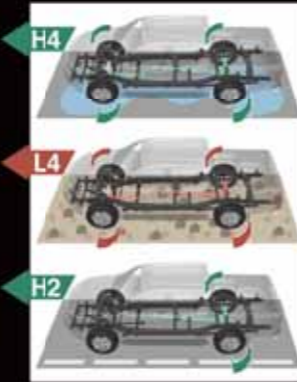

New Engine

The new 1KD 3.0L Engine with Intercooler delivers higher engine power and improved fuel efficiency

New Transmission

The new Hilux Revo adopts new 6-speed Manual Transmission and 5-speed Sequential Automatic Transmission giving you:

- Smooth shifting
- Lower friction measures
- Reduced gear noise
- Wider gear ranges for improved fuel efficiency and power

Superior All-Terrain Performance

Equipped with a switch-type transfer selector and differential lock mechanism, the new Hilux Revo is more equipped for all terrains than ever!

Satisfaction in Getting More than a car

When you buy a Toyota from Indus Motor Company Limited, you're buying more than just a car. You're buying a promise that gives you all the assurance, trust, support, efficiency and convenience you need. In line with our "Customer First" belief, your satisfaction is our priority. It is this simple philosophy at Indus Motor Company Limited that has made Toyota a leading automobile brand across Pakistan.

Total peace of mind comes from 2 YEARS OR 50,000 km Mileage Warranty, high levels of Quality, Durability and Reliability (Q.D.R.) with an impact-absorbing shell and high integrity cabin that has attained the world's top level of safety to give you unparalleled protection. Whether it's maintenance or grooming, our Genuine Parts and state-of-the-art precision tools will also keep your car performing like it ought to be - a Toyota.
